### Recommended Usage

1. Clean surface thoroughly prior to polishing.
2. Shake the bottle prior to use and apply the following quantity of the product onto the polishing pad.  
 Recommendation for a 40cm x 40cm area:  
 Pad with a diameter of 95mm: 3-4 pea-sized drops  
 Pad with a diameter of 150mm: 5 pea-sized drops  
 Pad with a diameter of 180mm: 6-7 pea-sized drops
3. Use the Menzerna Soft Cut Foam Pad to remove fine scratches, shading, smears and holograms.
4. Use an orbital polishing machine and use the cross-coating method.  
 Apply light, even pressure while polishing and extend the product with a constant high machine speed.
5. At first, the polish will seem a little milky and should be worked in until only a slightly transparent/oily film is visible.
6. Once you have finished polishing, remove any residue with our Premium Microfiber cloth, without applying any pressure.
7. Fine scratches, shading, smears and holograms have now been removed.  
 Your surface boasts a brilliant finish and can now be sealed with one of our Menzerna Protection products.
